baronsyntax: What's the problem?

baronsyntax: You happened to call when I was in the bathroom

me: My site is down and I don't know why. Too much traffic I think. I get an error about too many open connections

me: Might be my amature coding left open connections everywhere, don't know

baronsyntax: What kind of connections?

me: Doesn't say. Maybe mysql

baronsyntax: ok, so you've got some requests that leaves a mysql transaction open - is that what you're thinking?

baronsyntax: Are you looking at apache logs or what

baronsyntax: I don't have any frame of reference here

baronsyntax: Would it be better if I called?

me: Yea, if you can I don't want to be a nuisance
