Description

Please Read All Info Carefully:

All REAL ID sources and Most Fake ID sources on tor come and go because they are Scams. They unfairly require you to release half escrow upfront and half when they show you a pic that it is made to pretend they have made it. The pictures are faked and you have been scammed. If this has happened to you already you know how essential it is to never release escrow until you have your ID in your hands. We are new to tor and see the problem and have a good solution for a real new ID for you and with Full Escrow until you receive the Passport in your hands.

The Real ID we provide is a Dominican Republic Passport and Citizenship. It will have your picture and the details of another real person which is your new identity. We need to know 1) your approximate age 2) Natural Hair Color, 4) Natural Eye Color 5) Height and 6) Weight 7) Country you are from. This is used to access the info of a real person, for your new identity, with info as close to you as possible.

8) Lastly we will need a jpeg of your passport picture, we will give you an email to send to anonymously using tor. We will do the signature for you in an easy way and you will need to practice the easy signature made before travel and use.

Our Supplies of Real Identities are limited. And we can not guarantee we will have an ID for you if you wait and all our available Identities are taken. Identities take time to get and make available for a Dominican Passport. You can use this New ID to travel with, open bank account, purchase assets, everything including applying for visa's from any country. The following places need no Visa for travel. Argentina, Bermuda, Botswana, Chile, Colombia, Ecuador, El Salvador, Guatemala, Honduras, Israel, Japan, Korea, Kosovo, Malaysia, Montserrat, Nicaragua, Peru, Trinidad, Tobago, Uruguay. All other places you need to check how to apply and they accept for 30 to 60 days on a normal basis.

Travel advice. You can use this to leave countries even when a stamp is not present in your passport of arriving in the country you are leaving, you just say you came a week ago if they even ask which they usually don't. This is due to dual citizenship, people often use one passport to enter and another passport they are not carrying on them to return. If you are from the USA and your finger print is in their system for any reason, on a random basis they are now taking finger prints, so you have a risk. So you may consider crossing into Mexico and then using the passport from there to be risk free. US airports have new finger print devices and while you may get through they will be able to trace your new identity if it matches a finger print on file.

Zero Risk for you. Always and Forever All Customers Receive Full Escrow on all orders again and again and Should Not Release Full Escrow until you receive the Passport in Your Hand. The process means you have no risk at all, ever. A real ID has many steps, takes time and requires travel, addresses, stamps and more, at this price we can get it to you in 30 days, this is our Rush Service Price and if we do not make the time, we will refund you the additional \$4500 USD compared with the 45 days version. The time includes the time it takes for us to get it and send it to you inclusive from when you give us all the info we asked for and your order. We will do our best to be on time and will keep you posted always. Any questions about this product please ask.
