We are happy to announce a new category in the marketplace called Forgeries. In this category, you will find offers for forged, government issued documents including fake ids and passports.

This category comes with some restrictions, however. Sellers may not list forgeries of any privately issued documents such as diplomas/certifications, tickets or receipts. Also, listings for counterfeit currency are still not allowed in the money section.

Technical support / Re: Deposit delayed 12 hours... normal?
on: August 05, 2011, 11:03 pm

our bitcoin software crashed, halting our deposit processor. It should be all caught up now, sorry for the trouble. This is the second time this has happened, so we are going to put in a measure to check the software periodically and restart it if it has stopped.
