8/9/2013 16:26	From: wigglyworm	confirmation?	<p>Hey bud, just need some confirmation on if my package will get to me tomorrow. I made the 3:00pm deadline by at least a few hours so I'm hoping everything will go smoothly. Otherwise I'm gonna be sick for the beautiful weekend we have coming up here in NY... I know I can count on you to be as reliable and professional as possible, so just get back to me as soon as you can. Thanks!</p> <p>-WW</p>
8/12/2013 15:53	From: Tongkat	subject	<p>what does a fat stamp weight. im use to buying grams. normally a light stamp i thought weighted around 30mg. so this seems like it is really high priced, if i run the risk of buying a 50pack. i might only get 800mg, if they all happened to be 16mg. i am some what disappointed with this sample just in weight. i have not tried it yet, but im about to. i wont bother you anymore, thank you for the fast shipping. i know if im about to get sick, you'll be there fast.</p>
8/12/2013 21:43	From: alcocarnate	subject	<p>yeah thats the right address thank god. ive been so sick this really sucks. thats really weird about the delivery. do you think it could have been seized? ill try calling the post office and see what the deal is i guess. how do you want to proceed?</p>
8/14/2013 22:06	From: poppyhearts	Placed order	<p>Hello,</p> <p>I just wanted to ask if you were able to get my order out today...I'm unfortunately getting sick and don't have other options...I ordered with you before and remembered how fast you got the order to me :) I wasn't sure if I did the encryption correctly but I wanted to verify it with you just in case. I really really hope I'm not pestering you, I know you must be SUPER busy and have a shit ton of things to deal with. Is it possible to get an ETA? I just recently moved and have no clue what time to expect anything but it isn't delivered right to my apartment so I won't be able to actually see it delivered to know when it arrives.</p>

8/25/2013 18:04	From: Elevatormusic	Hey Buddy	<p>Hey Deezele, I've been trying to log in for the past 2 days with no luck. I got my pack Friday. It was water logged and opened with no contents and taped up with a usps sticker on it that says "received in damaged condition". I didn't contact the PO for obvious reasons. I know that it is not your fault, and I'm finalizing now. And I wouldve finalized earlier but I couldn't log in. I'm placing another order for tomorrow if you think it's safe. Maybe you could tape the edges of the envelope? Idk. I may use a different address just to be safe. I hope you can get something out tomorrow as I'm going into some serious withdrawals. Also ill upload a pic of the pack as I received it.</p>
8/26/2013 13:45	From: maddog0123	shipping	<p>Hey Deezele! I got in a bit of a situation and just want to confirm something with you before I order. If I place my order by tonight and ship express do you see any problem getting it out by tomorrow? I like your product but I went through it a little too fast and I need a vendor who can ship express tomorrow so im not sick. I just wanted to make sure because some other vendors are having problems with shipping and just want to make sure tomorrow is open for you before I order! I know it says so on your site but I have to ask seeing that I kinda screwed up and didnt make it last. Hope to hear from you tonight! thanks again for the first package, I enjoyed it a little too much perhaps.lol. peace ~ madison</p>

9/3/2013 11:26	From: goblinshark300	Orders urgent plz read	<p>Hello, I am very sick and was wondering when you may be able to get my orders out. I know you said you couldn't decrypt the first one but that's fine because you can look at the extra stamp I added and get the PGP encryption from that. I am extremely sick so the sooner you could get those out the better. You've been a great vendor. Looking forward to doing business with you in the future.</p> <p>Thanks again</p>
